International Conference

XXIVth GENETIC DAYS

SEPTEMBER 1th - 3rd, 2010 - BRNO, CZECH REPUBLIC

<http://user.mendelu.cz/urban/konfer/genetday2010>

Focus

“Functional genomics and proteomics for sustainable agriculture”

1st Announcement

Organizer:

Mendel University in Brno, Faculty of Agronomy, Brno, Czech Republic

- Department of Morphology, Physiology and Animal Genetics
- Department of Plant Biology
- Department of Molecular Biology and Radiobiology

University of South Bohemia in České Budějovice

Slovak University of Agriculture (SUA) in Nitra

Wrocław University of Environmental and Life Sciences

Czech Academy of Agriculture Sciences

Slovak Academy of Agriculture Sciences

Committee on Animal Sciences Polish Academy of Sciences

Invite you to participate
in the International Conference XXIVth GENETIC DAYS 2010

SCIENTIFIC COMMITTEE

Prof. RNDr. Aleš Knoll, Ph.D.

Chairman

Mendel University in Brno, Faculty of Agronomy

Zemědělská 1

613 00 Brno

Tel. 00420 545133184

Fax. 00420 545133176

e-mail: knoll@mendelu.cz

Members:

doc. RNDr. Břetislav Brzobohatý, CSc.

MZLU Brno (brzoboha@ibp.cz)

doc. Ing. Juraj Candrák, CSc.

SPU Nitra (juraj.candrak@uniag.sk)

doc. Ing. Jindřich Čítek, CSc.

ZF JU Č. Budějovice (citek@zf.jcu.cz)

prof. RNDr. Ladislav Havel, CSc.

MZLU Brno (lhavel@mendelu.cz)

RNDr. Miroslav Griga, CSc.

Agritec Plant Research (griga@agritec.cz)

doc. RNDr. Radoslav Omelka, Ph.D.

UKF Nitra (romelka@ukf.sk)

Mgr. Vilém Reinöhl, CSc.

MZLU Brno (rein@mendelu.cz)

doc. Ing. Tomáš Urban, Ph.D.

MZLU v Brně (urban@mendelu.cz)

Ing. Luboš Vostrý, Ph.D.

ČZU Praha (vostry@af.czu.cz)

Dr. hab. Heliodor Wierzbicki

UP Wrocław

(heliodor.wierzbicki@up.wroc.pl)

International scientific conference “Genetic Days” is traditionally focused on animal genetics and breeding. This conference is held regularly in two-year interval, and its organization is alternately provided by agricultural universities (faculties) in Brno, České Budějovice, Nitra and Wrocław.

The „XXIVth Genetic Days 2010” are dealing with the problems of the animal and recently of the plant genetics. The focus of this conference is **“Functional genomics and proteomics for sustainable agriculture”**.

The conference ensures enough space for relevant findings from both basic and applied research in animal and plant genetics. Therefore, apart from university tutors and researchers, participation can be recommended to representatives of breeding organizations, veterinary administration workers, agricultural advisors and providers of services in agriculture, as well as other professionals whose work increasingly involves new findings of the genetic research.

Thematic sessions:

- 1. Animal molecular genetics, genomics and proteomics**
- 2. Animal genetics, breeding and diversity**
- 3. Plant molecular genetics, genomics and proteomics**
- 4. Plant genetics, breeding and diversity**
- 5. Vision for animal breeding and genetics in research and education**

Within all the thematic sections, papers will be delivered in the form of lectures or posters. Posters will be preferred with regard to the delimited time span of the conference. The abstracts of the contributions will be published in the conference proceedings.
